MICHAEL MARCHESCHI  
PATENT EXAMINER

Art Unit: 1755

The following is an examiner's statement of reasons for allowance:

In view of applicants remarks and after further consideration of the prior art of record, the examiner now finds the claimed invention to be novel over the prior art of record because said art fails to teach or suggest the use of microspheres of aluminosilicate ceramic as the filler. The prior art of record provides no motivation to select microspheres of the specific filler and/or, in some prior art cases, select a filler that is UV transparent, as in the case of EP 654323.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A Marcheschi whose telephone number is (571) 272-1374. The examiner can normally be reached on M-F (8:00-5:30) First Friday Off.
